INTERVIEW EVENT

OHIO BLOWPIPE COMPANY

NOW HIRING
PROJECT DESIGNERS & WELDERS

PROJECT DESIGNERS 2961-4874:

The Project Designer will implement project design as envisioned by Sales Engineers. Produce all overall drawings and parts necessary to complete the project. Interface with Sales Engineers to validate the physical design concept. (e.g. lay out baler room, identify any problems, bring these to the attention of both the Salesman and your supervisor.) Work with the other office and shop personnel to expedite completion of the project. Go over the project with the Sales Engineer and the Installation mechanic prior to the start of the installation. Field calls from the installers that have to do with your work.

- Must be proficient in SolidWorks (also using CADKEY, PRO-E and Autocad)
- Must be willing to travel with ability to think on your feet

Interested candidates can apply beforehand at:

<http://bit.ly/2zdV9WN>

WELDERS 2961-4899:

- Experience with MIG, TIG and Stick preferred
- Must be willing to travel with ability to think on your feet

Interested candidates can apply beforehand at:

<http://bit.ly/2x6Uotb>
